A: it's possible that when you use wget that you get a different directory structure than the one that you put on your server. I would try installing curl instead. [New concepts for the therapy of hepatitis C: viral eradication and the question of interferon monotherapy versus combination therapy with ribavirin]. After a short overview of the history of hepatitis C up to the introduction of interferon alpha and the progress which has been made in the therapy of hepatitis C over the

---

last years, the authors present their current approach to the treatment of hepatitis C. Studies with interferon alpha and ribavirin which have been published in the last 10 years are discussed and compared with earlier clinical trials in which interferon alpha had been used. The results of recent international multicenter studies are presented. The combination of interferon alpha and ribavirin is superior to interferon monotherapy in terms of the sustained response rate in patients with hepatitis C. The tolerability and the mode of administration of ribavirin are discussed and updated results with ribavirin monotherapy are presented. The same movie can never ever ever be good. All time great movies are either just that good, or they're not. The very definition of great is something that is indescribably awesome. The best gifts in the world - things that touch the very essence of human nature and create a bond so strong it lasts a lifetime, or something that is so perfect we feel like it is a masterpiece made by gods - these are movies. Best and worst movies means the same thing as great and terrible movies. Best movies are not good movies. It's like trying to make a line between better and not-so-great cheese. At best you'd get a wedge of super creamy Gorgonzola. At worst you'd get cheddar cheese. Cheese is cheesy. It's not like the difference between a best/worst movie is like comparing an orange to a soggy grapefruit. Think of it as comparing Apple to a crappy store made out of Apple products. They're both apples, but apples are for eating, not for decorating. Think of it as saying that some of the best movies in history are crappy like an epic romance in a chicken factory. Or, if you prefer, it's like saying that some of the worst movies are the only movies that will ever exist, so we don
