X-Force X-Force is an American independent video game developer founded in 1997 by Jeremy Love, Wes Nash, and Ryan Jones. The company started by developing a Total Conversion mod for the DOS game Final Fight: Streetwise and since then released six expansion packs, with the first pack released in 1999, The X-Force Chronicles, when the company incorporated as X-Force Entertainment. X-Force has since released games like Prince of Persia, Inspector Gadget, The Fast and the Furious, and

Prince of Persia: The Two Thrones. The company also developed and published the video game titles Wolfenstein 3D: Enemy Territory, Metal Wolf Chaos, Max Payne, Max Payne 2: The Fall of Max Payne and Max Payne 3: The King of the Kill, as well as Timesplitters and a Half-Life 2 modification named Timesplitters: Enhanced Edition, which is a custom map. In 2000, the company merged with GameTek. GameTek folded in September 2000, with X-Force receiving all of its assets (physical and intellectual properties) from GameTek and, later on, this included the rights of release of the Timesplitters and Metal Wolf Chaos video games. In 2001, X-Force secured a publishing deal with Eidos Interactive, who helped market and distribute Timesplitters: Enhanced Edition. Timesplitters 2, however, was solely developed and published by X-Force. In 2008, X-Force released two games that were licensed and marketed by 2K Games: Max Payne 3: The Complete Edition and Max Payne 3: Ace of Spades Edition. On September 30, 2010, X-Force Entertainment filed for bankruptcy, citing "financial problems" and that "its financial condition is deteriorating". The company was later acquired by Disney Interactive Studios. Today, X-Force's works are published by Disney Interactive Studios. X-Force Entertainment X-Force is the name of an Independent video game developer created by Jeremy
